Full Title/Motion: A Resolution of the City Council of the City of Bonney Lake, Pierce County, Washington, Approving the Application for Rate Adjustment to Reflect Unforeseen Costs Requested by Murrey's Disposal Company, Inc.

Short Background Summary:

In 2004, the City signed an agreement with Murrey's Disposal laying out the terms and conditions of service, including allowances for rate increases. This agreement was amended in 2009, 2014, and 2022. The current 10-year agreement expires on December 31, 2032. Per the terms of the agreement, Murrey's provided the Notice of Rate Adjustment under Section 4(a), 4(b), and 4(d) of Amendment 3 to Agreement for Collection and Disposal of Solid Waste, Recyclables and Yard Waste in the City of Bonney Lake. The attached memorandum provides an overview of the annual rate adjustments and the action needed for the application for rate adjustment to reflect unforeseen costs.

Title: Murrey's Disposal Annual Notice of Rate Adjustment

In 2004, the City signed an agreement with Murrey's Disposal laying out the terms and conditions of service, including allowances for rate increases. This agreement was amended in 2009, 2014, and 2022. The current 10-year agreement expires on December 31, 2032.

Per the terms of the agreement, Murrey's Disposal provided the annual Notice of Rate Adjustment under Section 4(a), 4(b), and 4(d) of Amendment 3 to Agreement for Collection and Disposal of Solid Waste, Recyclables and Yard Waste in the City of Bonney Lake.

Notice of Rate Adjustment – March 1, 2026

Rate adjustments to Section 4(a) and 4(b) are authorized under the agreement and take effect March 1, 2026.

Section 4(a) provides for an annual CPI adjustment equal to 100% of the change in the Consumer Price Index for All Urban Consumers, Water and Sewer and Trash Collection Services for the immediately preceding twelve (12) month period. One Hundred percent of the CPI change for this period is 4.83%.

Section 4(b) provides for disposal fee adjustments to be made to collection rates for all increases or decreases in landfill/disposal cost. Murrey's have been notified that on March 1, 2026, the landfill rate in Pierce County will increase from \$184.99 per ton to \$195.32 per ton.

Action Needed: Application for Rate Adjustment to Reflect Unforeseen Costs

Section 4(d) allows for the Contractor to apply to the City for rate adjustments to reflect unforeseen costs arising during the term of this Agreement. A vote by the City Council to accept or not accept this application is needed.

During the 2025 legislative session, the State of Washington enacted a 0.35% increase to the Business & Occupation (B&O) tax rate for service-based businesses, effective October 1, 2025. While this change may not have a broad impact across all sectors, it directly affects Murrey's as a solid waste provider.

To address this, Murrey's Disposal proposes a rate adjustment to account for the B&O tax increase, effective March 1, 2026, which aligns with its regular annual rate adjustment period.

The monthly impact of the B&O tax pass-through is as follows:

- Residential customers: \$0.08 - \$0.30/month, depending on the level of service
- Commercial customers: \$0.56 - \$13.73/month, depending on the level of service

Rates reflecting the disposal fee increase and changes to the Consumer Price Index (CPI) are detailed by level of service in the attached exhibit. Also included is a rate sheet that incorporates the disposal fee increase, CPI adjustment, and the proposed B&O tax increase for your reference.

Re: Notice of Rate Adjustment under Section 4(a), 4(b), and 4(d) of Amendment No.3 to Agreement for Collection and Disposal of Solid Waste, Recyclables and Yard Waste in the City of Bonney Lake

Dear Mr. Vodopich,

Section 4(a) of Amendment No.3 dated October 11, 2022, provides for an annual CPI adjustment equal to 100% of the change in the Consumer Price Index for All Urban Consumers, Water and Sewer and Trash Collection Services for the immediately preceding twelve (12) month period. One Hundred percent of the CPI change for this period is 4.83%

Section 4(b) of Amendment No.3 provides for disposal fee adjustments to be made to collection rates for all increases or decreases in landfill/disposal cost. We have been notified that on March 1, 2026, the landfill rate in Pierce County will increase from \$184.99 per ton to \$195.32 per ton.

Section 4(d) of Amendment No.3 allows for the Contractor to apply to the City for rate adjustments to reflect unforeseen costs arising during the term of this Agreement. During the 2025 legislative session, the State of Washington enacted a 0.35% increase to the Business & Occupation (B&O) tax rate for service-based businesses, effective October 1, 2025. While this change may not have a broad impact across all sectors, it directly affects Murrey's as a solid waste provider.

To address this, Murrey's Disposal respectfully proposes a rate adjustment to account for the B&O tax increase, effective March 1, 2026, which aligns with our regular annual rate adjustment period. We believe this approach provides transparency, predictability, and fairness for both the City and Murrey's Disposal.

The monthly impact of the B&O tax pass-through is as follows:

- Residential customers: \$0.08 – \$0.30/month, depending on the level of service
- Commercial customers: \$0.56 – \$13.73/month, depending on the level of service

Rates reflecting the disposal fee increase and changes to the Consumer Price Index (CPI) are detailed by level of service in the attached exhibit. Also included is a rate sheet that incorporates the disposal fee increase, CPI adjustment, and the proposed B&O tax increase for your reference.

We take pride in providing you with comprehensive waste collection, disposal, and recycling services. If I can answer any questions, please contact me by phone at (541) 335-1351 or by email at stevenh@wcnx.org.

Sincerely,

Steven Hopkins

Agenda Item Type: Motion

Presenter: Chuck McEwen, Administrative Services
Director

City Strategic Goal Category: None

Department/Division Submitting: ASD Director

Impacted Departments That Received Notification: Administrative Services

Full Title/Motion: A Motion of the City Council of the City of Bonney Lake, Pierce County, Washington, to approve a quote for installation of two (2) OneWeb satellite systems at Public Safety and Victor Falls pump house.

Short Background Summary:

In 2025, Emergency Management installed a OneWeb satellite system at the Public Services Center for redundant internet and cellular connectivity in the Emergency Operations Center. This year, Emergency Management has proposed installing one additional OneWeb satellite system at the Public Safety Building to increase internet and cellular redundancy. Concurrently, Public Services is looking for alternatives to DSL internet at system critical utility locations. DSL service disruptions are increasingly problematic due to copper cable theft. Public Services has proposed installing a OneWeb satellite system at the Victor Falls Pump house as a proof of concept for SCADA (Supervisory Control and Data Acquisition) communications. Initial costs for two new OneWeb satellite systems, site survey, installation and one year of service totaled \$25,067.50 with ongoing annual service being \$2,760/yr/satellite connection (year 2 and beyond). As these two satellite system projects were not specifically called out in the 2026 budget, staff are bringing forth this motion for council approval.

Budget Explanation:

Public Services has sufficient funds in the 2026 budget to cover the proposed purchase using account 401.30.034.534.5345048.548030.

Emergency Management has sufficient funds in the 2026 budget to cover the proposed purchase using account 001.10.013.525.5256035.535060.

No additional budget authorization is requested for these projects.
